Subject Index—Volume 10, 1986

A

Abscess
- pyogenic psoas abscess: worldwide variations in etiology (Ricci et al.), 834

Adrenal
- intra-atrial extension of renal and adrenal tumors: diagnosis, management, and prognosis (Hugh et al.), 488
- results of adrenal surgery for Cushing's syndrome: 10 years' experience (Watson et al.), 531
- plasma gut hormone levels in 37 patients with pheochromocytomas (Vinik et al.), 593
- primary hyperaldosteronism caused by adrenocortical carcinoma (Scott et al.), 646
- secretory pattern and blood pressure in pheochromocytoma (Gröndal et al.), 724
- value of the clonidine-suppression test in the diagnosis of pheochromocytoma (Karlberg et al.), 753
- release of corticosteroids from human adrenals in vitro (Hamberger et al.), 776

Antibiotics
- prophylactic regimens in colorectal surgery: an open, randomized, consecutive trial on metronidazole used alone or in combination with ampicillin or doxycycline (Roland), 1003

Artery
- rupture of splanchnic artery aneurysms (Salo et al.), 123
- microvascular carotid end-to-end anastomosis with the argon laser (Godlewski et al.), 829

B

Bile Duct
- choledochal cyst: complications of anomalous connection between the choledochus and pancreatic duct and carcinoma of the biliary tract (Nagata et al.), 102
- the current status of biliary tract surgery: an international study of 1072 consecutive patients (DenBesten and Berci), 116
- clinical reliability of perioperative fluorocholangiography (Reiss et al.), 324
- repair of bile duct defect with full-thickness vascularized jejunal patch (Bengtsson et al.), 510
- intraoperative cholangiography using a balloon catheter in liver surgery (Kubo et al.), 844
- biliary strictures as a cause of primary intrahepatic bile duct stones (Matsumoto et al.), 867

Bone
- bone histomorphometry and serum bone GLA-protein in the diagnosis of primary hyperparathyroidism (Delmas et al.), 572

Breast
- an approach to repair of radiation necrosis of chest wall and mammary gland (Sando and Jurkiewicz), 206
- selective use of operative cholangiography (Grogono and Woods), 1009
- breast-conserving surgery with radiation therapy for operable mammary carcinoma: a 25-year experience (Spitalier et al.), 1014

C

Cancer
- rapid progressive dissemination of hemangiosarcoma of the spleen following spontaneous rupture (Simansky et al.), 142
- repair of radiation complications in the head and neck (Larson), 195
- pelvic complications after interstitial and external beam irradiation of urologic and gynecologic malignancy (Schellhammer et al.), 259
- hepatic resection for hepatocellular carcinoma associated with liver cirrhosis (Kinami et al.), 294
- cancer after transplantation (Sheil), 389
- cancer of the gastric stump: analyses of 819 patients and comparison with other stomach cancer patients (Viste et al.), 454
- adenocarcinoma of the cardia: a 10-year regional review (Allum et al.), 462
- treatment of unresectable hepatocellular carcinoma: results of a randomized controlled trial (Lai et al.), 501
- perioperative transfusions associated with colorectal cancer surgery: clinical judgement versus the hematocrit (Tartter et al.), 516
- localization and surgical resection of metastatic parathyroid carcinoma (Fujimoto et al.), 539
- current results of conservative surgery for differentiated thyroid carcinoma (Rossi et al.), 612

Cyclosporin; Complications
- complications of cyclosporin therapy (Kahan et al.), 348

D

DNA
- DNA distribution pattern in intestinal carcinoid tumors (Cohn et al.), 548

E
Endotoxin
endotoxin inactivation in plasma from septic patients: an in vitro study (Olofsson et al.), 318
Esophagus
effect of varying levels of vagotomy on postprandial lower esophageal sphincter pressure and pancreatic polypeptide (Olinde et al.), 809
diverticula of the mid- and lower esophagus: pathogenesis and surgical management (Evander et al.), 820

F
Federal Republic of Germany
what's new in the Federal Republic of Germany: a survey (Heberer and Teichmann), 522

G
Gallbladder
gallstones and gastric cancer: a matched case-control study (Sarli et al.), 884
consequences of routine peroperative cholangiography during cholecystectomy for gallstone disease: a prospective, randomized study (Hauer-Jensen et al.), 996
Gynecologic Disease
resection and pull-through for rectovaginal fistula (Cuthbertson), 228
repair of the radiation-induced vaginal fistula utilizing the Martius technique (Boronow), 237
pelvic complications after interstitial and external beam irradiation of urologic and gynecologic malignancy (Schellhammer et al.), 259

H
Head
repair of radiation complications in the head and neck (Larson), 195
Heart
current status of heart and lung transplantation (Starnes and Jamieson), 442
intra-atrial extension of renal and adrenal tumors: diagnosis, management, and prognosis (Hugh et al.), 488

I
Inflammatory Bowel Disease
management of acute colitis in inflammatory bowel disease (Morel et al.), 814
Irradiation; Complications
symposium: progress in repair of postirradiation damage (Bricker), 153
pathologic changes secondary to radiation (Berthrong), 155
complications of radiation therapy and factors in their prevention (Cox et al.), 171
radiation damage to the small intestine (Smith and DeCosse), 189
repair of radiation complications in the head and neck (Larson), 195
an approach to repair of radiation necrosis of chest wall and mammary gland (Sando and Jurkiewicz), 206
the radiation-damaged rectum: resection with coloanal anastomosis using the endoanal technique (Cooke and Wellsted), 220
resection and pull-through for rectovaginal fistual (Cuthbertson), 228
repair of the radiation-induced vaginal fistula utilizing the Martius technique (Boronow), 237
functional results after postirradiation rectal reconstruction (Bricker et al.), 249
pelvic complications after interstitial and external beam irradiation of urologic and gynecologic malignancy (Schellhammer et al.), 259
repair of chronic radiation wounds of the pelvis (Mathes and Hurwitz), 269

K
Kidney
gastrointestinal perforations in renal transplant recipients immunosuppressed with cyclosporin (Rigotti et al.), 137
total lymphoid irradiation in renal transplantation (Myburgh), 369
renal transplantation between identical twins (Tilney), 381
renal transplantation in the diabetic (Rohrer et al.), 397
intra-atrial extension of renal and adrenal tumors: diagnosis, management, and prognosis (Hugh et al.), 488
evaluation of image-diagnosing methods of enlarged parathyroid glands in chronic renal failure (Takagi et al.), 605

L
Liver
partial hepatectomy for intrahepatic stones (Choi and Wong), 281
ramification of the intrahepatic portal vein identified by percutaneous transhepatic portography (Inoue et al.), 287
hepatic resection for hepatocellular carcinoma associated with liver cirrhosis (Kinami et al.), 294
determination of the extent of feasible hepatic resection from hepatic blood flow (Mimura et al.), 302
liver resections in cirrhotic patients: a western experience (Bismuth et al.), 311
liver transplantation in the adult (Calne et al.), 422
liver transplantation in the child (Flye and Jendrisak), 432
treatment of unresectable hepatocellular carcinoma: results of a randomized controlled trial (Lai et al.), 501
preoperative portal vein embolization for hepatocellular carcinoma (Kinoshita et al.), 803
intraoperative cholangiography using a balloon catheter in liver surgery (Kubo et al.), 844
comparison of sonography, computed tomography, angiography, and percutaneous transhepatic portography in the detection of portal tumor thrombus in hepatoma (Igawa et al.), 876
new aspects in the management of alveolar echinococcosis involving the liver (Schröder and Robotti), 968
Lung
current status of heart and lung transplantation (Starnes and Jamieson), 442

M
Multiple Endocrine Neoplasia Type I
parathyroid surgery in the multiple endocrine neoplasia type I syndrome: choice of surgical procedure (Malmaeus et al.), 668

N
Neck
repair of radiation complications in the head and neck (Larson), 195

P
Pancreas
progress in segmental pancreatic transplantation (Tydén et al.), 404
prospects for pancreatic islet transplantation (Gray and Morris), 410
diazoxide in the management of patients with insulinoma (Goode et al.), 586
current approach to the management of tumoral process in patients with gastrinoma (Mignon et al.), 703
the endocrine function of heterotopic islets of Langerhans (Merrell et al.), 770

effect of varying levels of vagotomy on postprandial lower esophageal sphincter pressure and pancreatic polypeptide (Olinde et al.), 809
papillary cystic neoplasm of the pancreas: a curable pancreatic tumor (Kaufman et al.), 851

Parathyroid
effect of parathyroid surgery on cartilage calcification (Van Geertruyden et al.), 111
localization and surgical resection of metastatic parathyroid carcinoma (Fujimoto et al.), 539
clinical management of persistent and/or recurrent primary hyperparathyroidism (Grant et al.), 555
bone histomorphometry and serum bone GLA-protein in the diagnosis of primary hyperparathyroidism (Delmas et al.), 572
prospective comparison of radionuclide, computed tomographic and sonographic localization of parathyroid tumors (Krubsack et al.), 579
evaluation of image-diagnosing methods of enlarged parathyroid glands in chronic renal failure (Takagi et al.), 605
intraoperative ultrasound and reoperative parathyroid surgery: an initial evaluation (Norton et al.), 631
reoperation for secondary hyperparathyroidism in hemodialysis patients (Dubost et al.), 654
serum calcium as an early indicator for surgical treatment of hyperparathyroidism after renal transplantation (Sitges-Serra et al.), 661
parathyroid surgery in the multiple endocrine neoplasia type I syndrome: choice of surgical procedure (Malmaeus et al.), 668
mediastinal parathyroid exploration: a clinical and pathologic study of 47 cases (Wang et al.), 687
relation between changes in clinical and histopathological features of primary hyperparathyroidism (Akerström et al.), 696
decrease in serum uric acid level following parathyroidectomy in patients with primary hyperparathyroidism (Duh et al.), 729

Parental Nutrition
symposium: perioperative parenteral nutrition (Leutenegger), 1
nutritional assessment and severity of illness classification systems: a critical review on their clinical relevance (Dionigi et al.), 2
protein-sparing therapy in the postoperative period (Keller et al.), 12
new aspects of parenteral nutrition with fat emulsions in injured patients (Kleinberger), 20
medium-chain triglycerides (MCT) for total parenteral nutrition (Wolfram), 33
metabolic studies of a lipid emulsion containing medium-chain triglyceride in perioperative and total parenteral nutrition infusions (Dawes et al.), 38
parenteral nutrition by peripheral vein, portal vein or central venous catheter? (Bodoky), 47
indications and effects of preoperative parenteral nutrition (Müller et al.), 53
principles and indications of hypocaloric parenteral nutrition (Löhlein), 64
perioperative parenteral nutrition in the stressed diabetic patient (Vandewoude et al.), 72
parenteral nutrition in pediatric surgery (Schärli), 77
all-in-one: conventional versus two different all-in-one solutions for total parenteral nutrition of surgical intensive care patients (Leutenegger and Frutiger), 84
alternative methods of nutrition in the postoperative phase (Heberer and Harder), 95
rapid turnover proteins as nutritional indicators (Cavarocchi et al.), 468

R

Rectum
the radiation-damaged rectum: resection with coloanal anastomosis using the endoanal technique (Cooke and Wellsted), 220
resection and pull-through for rectovaginal fistula (Cuthbertson), 228
functional results after postirradiation rectal reconstruction (Bricker et al.), 249

S

Sepsis
endotoxin inactivation in plasma from septic patients: an in vitro study (Olofsson et al.), 318

Small Intestine
gastrointestinal perforations in renal transplant recipients immunosuppressed with cyclosporin (Rigotti et al.), 137
stomal ulcer complicating bypass for duodenal Crohn's disease (Shepherd and Alexander-Williams), 146
radiation damage to the small intestine (Smith and DeCosse), 189
factors affecting quality of life with a conventional ileostomy (McLeod et al.), 474
volvulus of the small intestine in adults (Welch and Anderson), 496
sphincter of oddi and gastrointestinal motility disturbance following alcohol administration in the opossum (Coelho et al.), 990

Spleen
rapid progressive dissemination of hemangiosarcoma of the spleen following spontaneous rupture (Simansky et al.), 142
regeneration and function of autotransplantation of splenic tissue after splenectomy (Christenson et al.), 860

Stomach
total gastrectomy: is the early postoperative morbidity and mortality influenced by the choice of surgical procedure? (Hassler et al.), 128
gastrointestinal perforations in renal transplant recipients immunosuppressed with cyclosporin (Rigotti et al.), 137
what happens to the parietal cell following truncal vagotomy? (Argov et al.), 450
cancer of the gastric stump: analyses of 819 patients and comparison with other stomach cancer patients (Viste et al.), 454
adenocarcinoma of the cardia: a 10-year regional review (Allum et al.), 462
effect of varying levels of vagotomy on postprandial lower esophageal sphincter pressure and pancreatic polypeptide (Olinde et al.), 809
gallstones and gastric cancer: a matched case-control study (Sarli et al.), 884
exposure to bile acids and bacteria over 24 hours following partial gastrectomy, vagotomy and pyloroplasty (Poxon et al.), 981

T

Thyroid
nodular goiter: effects of surgery and thyroxine medication (Westermark), 481
serum thyroglobulin concentration in nontoxic goiter and response to surgery with special reference to risk of goiter relapse (Feldt-Rasmussen et al.), 566
current results of conservative surgery for differentiated thyroid carcinoma (Rossi et al.), 612
false-negative errors in fine-needle aspiration biopsy of dominant thyroid nodules: a prospective follow-up study (Boey et al.), 623
^{99m}Tc(V)-Dimerocaptosuccinic acid scintigraphy for medullary thyroid carcinoma (Miyauchi et al.), 640

treatment of toxic multinodular goiter (Plummer's disease): surgery or radioiodine? (Jensen et al.), 673
a computer assisted thyroid follow-up system (Davies et al.), 681
intraoperative scintigraphy in surgical treatment of thyroid carcinoma: evaluation of a new technique (Lennquist et al.), 711
thyroid function after hemithyroidectomy for benign nodules (Cheung et al.), 718
distribution and characterization of steroid hormone receptors in human thyroid tissue (Chaudhuri et al.), 737
when is medullary thyroid carcinoma "medullary thyroid carcinoma"? (Riccabona et al.), 745
cytostatic drug therapy in anaplastic thyroid carcinoma (Wenisch et al.), 762
total thyroidectomy: complications and technique (Harness et al.), 781
effect of ethyl alcohol on the TSH-receptor-cyclase system in thyroid and nonthyroid tissues (Clark et al.), 787
TSH suppression in the management of autonomously functioning thyroid lesions (Thomas et al.), 797
statistical evaluation of the prognostic value of nuclear DNA content in papillary, follicular and medullary thyroid tumors (Bäckdahl et al.), 974

Transplantation
gastrointestinal perforations in renal transplant recipients immunosuppressed with cyclosporin (Rigotti et al.), 137
symposium: progress in organ transplantation (Morris), 347
complications of cyclosporin therapy (Kahan et al.), 348
donor-specific transfusions in living-related transplantation (Salvatierra), 361
total lymphoid irradiation in renal transplantation (Myburgh et al.), 369
renal transplantation between identical twins (Tilney), 381
cancer after transplantation (Sheil), 389
renal transplantation in the diabetic (Rohrer et al.), 397
progress in segmental pancreatic transplantation (Tydén et al.), 404
prospects for pancreatic islet transplantation (Gray and Morris), 410
liver transplantation in the adult (Calne et al.), 422
liver transplantation in the child (Flye and Jendrisak), 432
current status of heart and lung transplantation (Starnes and Jamieson), 442

Trauma
polytrauma in the elderly (Marx et al.), 330

U

Urologic Malignancy
pelvic complications after interstitial and external beam irradiation of urologic and gynecologic malignancy (Schellhammer et al.), 259

V

Vagina
resection and pull-through for rectovaginal fistula (Cuthbertson), 228
repair of the radiation-induced vaginal fistula utilizing the Martius technique (Boronow), 237

Vagus Nerve
what happens to the parietal cell following truncal vagotomy? (Argov et al.), 450
effect of varying levels of vagotomy on postprandial lower esophageal sphincter pressure and pancreatic polypeptide (Olinde et al.), 809

Veins
symposium: progress in venous disease (Ludbrook), 897
epidemiology of varicose veins (Beaglehole), 898
noninvasive testing for the evaluation of chronic venous disease (Kohler and Strandness), 903
the role of noninvasive testing in the evaluation of chronic venous problems (Yao et al.), 911
the value of dynamic venous pressure measurements (Nicolaides and Zukowski), 919
chronic venous insufficiency: a challenge for the vascular laboratory (Browse), 925
congenital vein valve aplasia (Plate et al.), 929
five years' experience with vein valve transplant (Taheri et al.), 935
the etiology of venous ulceration (Browse), 938
recurrent varicose veins (Royle), 944
primary great saphenous varicose veins revisited (Ludbrook), 954
future prospects in the treatment of venous disease (Bernstein), 959

Volvulus
acute volvulus of the right colon: an analysis of 69 patients (Anderson and Welch), 336
volvulus of the small intestine in adults (Welch and Anderson), 496
